Dear Mr. Flaak:

On reviewing the comments that my co-author (Raphael J. Witorsch, Ph.D) and I submitted on July 6, 1992, relative to the EPA/SAB Review Draft, Respiratory Health Effects of Passive Smoking, etc., I note that in our haste to comply with the deadline, we inadvertently neglected to clearly indicate that we are both consultants to the Tobacco Institute and that our submission was made at the request and expense of the Tobacco Institute.

I apologize for this inadvertent omission and I would appreciate it if you would add this letter to our submission. To that end, I have enclosed 50 copies of this letter.

Thank you.

Sincerely,

Philip Witorsch, MD, F.A.C.P., F.C.C.P.
Clinical Professor of Medicine
Adjunct Professor of Physiology
Director, Environmental Medicine and Toxicology
